MESSAGE FROM THE ORGANIZATION

“As we reflect on 2023, we sincerely thank our partners, donors, communities, and dedicated staff for their continued support and collaboration. Your trust enabled us to reach vulnerable communities with essential humanitarian assistance.

Despite economic challenges and climate-related disasters, we remained committed to serving those most in need. The increasing risks of floods, droughts, heatwaves, and extreme weather events highlight the urgent need for stronger community resilience.

Looking ahead, we remain committed to working with our partners and the international community to build resilient, sustainable, and better-prepared communities across Pakistan”

ABOUT THE ORGANIZATION

Every Human Matters Foundation is a non-governmental organization (NGO) working in Pakistan with a commitment to serving humanity without discrimination. The organization focuses on supporting vulnerable and marginalized communities through emergency response, development programs, and community-based initiatives.

Our work spans across disaster relief, food security, water and sanitation (WASH), health services, and community development. We strive to promote dignity, resilience, and sustainable livelihoods among the populations we serve.

VISION

A society where every human life is valued, protected, and empowered.

MISSION

To provide timely humanitarian assistance, promote sustainable development, and strengthen community resilience in vulnerable regions of Pakistan.

CORE AREAS OF WORK

- **Water, Sanitation & Hygiene (WASH)**
- **Food Security & Livelihood Support**
- **Health Outreach Services**
- **Community Development & Awareness Programs**
- **Education**
- **Climate change**

ACHIEVEMENTS

- Provided emergency flood relief assistance to vulnerable and flood-affected families, helping them meet their immediate basic needs during the crisis.
- Distributed essential food packages and clean drinking water to affected households to support food security and access to safe water.
- Supported displaced families with temporary shelter solutions, providing basic protection and essential shelter support to families who had lost or left their homes.
- Conducted community awareness sessions on hygiene, sanitation, and health, promoting safe hygiene practices and helping reduce the risk of waterborne and communicable diseases.
- Strengthened coordination and partnerships with local and international organizations, enabling more effective humanitarian response, resource mobilization, and assistance to vulnerable communities.

WINTER KIT DISTRIBUTION

- During the winter season, winter relief kits were distributed among vulnerable and deserving families in underserved communities. The activity aimed to provide essential winter support to households facing financial difficulties and limited access to adequate warm clothing and bedding.
- The distributed winter kits included essential items such as warm blankets, quilts, and other winter necessities. The assistance helped beneficiary families protect themselves from the cold weather and meet their basic seasonal needs with greater comfort and dignity. The distribution was carried out among identified deserving households through a transparent and community-based process.

QURBANI MEAT DISTRIBUTION

- During Eid-ul-Adha, Qurbani meat was distributed among deserving and vulnerable families in underserved communities. The activity aimed to ensure that low-income households could also benefit from the blessings of Eid and enjoy nutritious meat with their families.
- Qurbani meat was distributed to identified deserving families, widows, elderly people, and other vulnerable community members. The distribution was carried out in an organized and dignified manner, providing timely food support to families during the Eid celebrations.

SCHOOL SUPPORT PROJECT-2023

- The School Support Project aimed to improve access to quality education for children from underserved and vulnerable communities. The project supported children by providing essential educational facilities and a safe, supportive learning environment.
- The initiative focused on addressing key educational needs, including school infrastructure, learning materials, classroom facilities, and support for students. Through this project, children were encouraged to continue their education and improve their learning opportunities, contributing to a stronger and more sustainable future for their communities.

INSTALLATION OF REVERSE OSMOSIS (RO) FILTRATION SYSTEM

- Implemented solar-powered water supply and Reverse Osmosis (RO) projects to improve access to safe, clean and sustainable drinking water for vulnerable and underserved communities. The projects were designed to address water scarcity and poor water quality, particularly in areas where conventional water sources were insufficient or contaminated.
- **Key Activities:**
- Installation of solar-powered water wells in water-scarce communities.
- Installation of Reverse Osmosis (RO) filtration systems to provide safe and purified drinking water.
- Construction of water collection points and necessary supporting infrastructure.
- Installation of solar panels and pumping systems to ensure a reliable and sustainable water supply.
- Water quality testing before and after installation, where required.
- Community engagement and awareness on safe water use, hygiene and maintenance.
- Handover of completed water facilities to local communities for continued use and maintenance.

RAMADAN RATION DISTRIBUTION

- During the holy month of Ramadan, Ramadan ration packages were distributed among deserving and low-income families in underserved communities. The activity aimed to support vulnerable households in meeting their essential food needs during the blessed month.
- Each ration package contained basic food items and household essentials, helping beneficiary families manage their monthly food requirements with greater dignity. The distribution prioritized widows, elderly people, and families facing financial difficulties, ensuring timely assistance before and during Ramadan.

RAMADAN IFTAR DISTRIBUTION PROJECT

- During the blessed month of Ramadan, an Iftar Distribution Project was implemented to provide nutritious evening meals to vulnerable and low-income individuals and families. The initiative aimed to ensure that people facing financial hardship could benefit from a dignified and adequate Iftar meal.
- **Key Activities:**
- Identification of vulnerable individuals and families in need.
- Preparation and distribution of fresh Iftar meals.
- Distribution through organized community-based activities.
- Prioritization of low-income households, elderly people, women, children, and other vulnerable community members.
- Community engagement to ensure transparent and orderly distribution.
