MESSAGE FROM THE ORGANIZATION

“As we reflect on 2024, we sincerely thank our partners, donors, communities, and dedicated staff for their continued support and collaboration. Your trust enabled us to reach vulnerable communities with essential humanitarian assistance.

Despite economic challenges and climate-related disasters, we remained committed to serving those most in need. The increasing risks of floods, droughts, heatwaves, and extreme weather events highlight the urgent need for stronger community resilience.

Looking ahead, we remain committed to working with our partners and the international community to build resilient, sustainable, and better-prepared communities across Pakistan”

ABOUT THE ORGANIZATION

Every Human Matters Foundation is a non-governmental organization (NGO) working in Pakistan with a commitment to serving humanity without discrimination. The organization focuses on supporting vulnerable and marginalized communities through emergency response, development programs, and community-based initiatives.

Our work spans across disaster relief, food security, water and sanitation (WASH), health services, and community development. We strive to promote dignity, resilience, and sustainable livelihoods among the populations we serve.

VISION

A society where every human life is valued, protected, and empowered.

MISSION

To provide timely humanitarian assistance, promote sustainable development, and strengthen community resilience in vulnerable regions of Pakistan.

CORE AREAS OF WORK

- **Water, Sanitation & Hygiene (WASH)**
- **Food Security & Livelihood Support**
- **Health Outreach Services**
- **Community Development & Awareness Programs**
- **Education**
- **Climate change**

ACHIEVEMENTS

- Provided emergency flood relief assistance to vulnerable and flood-affected families, helping them meet their immediate basic needs during the crisis.
- Distributed essential food packages and clean drinking water to affected households to support food security and access to safe water.
- Supported displaced families with temporary shelter solutions, providing basic protection and essential shelter support to families who had lost or left their homes.
- Conducted community awareness sessions on hygiene, sanitation, and health, promoting safe hygiene practices and helping reduce the risk of waterborne and communicable diseases.
- Strengthened coordination and partnerships with local and international organizations, enabling more effective humanitarian response, resource mobilization, and assistance to vulnerable communities.

FREE EYE SCREENING & CATARACT SURGERY CAMP - 2024

- In 2024, a Free Eye Camp was organized to provide accessible eye-care services to vulnerable and low-income community members who were unable to afford specialist eye treatment and surgery. The camp focused on early identification of eye conditions, particularly cataract-related vision problems, and providing free treatment to eligible patients.
- **Conducted free eye screening and medical consultations** for community members suffering from poor vision and other eye-related conditions.
- **Identified patients requiring cataract surgery** through detailed eye examinations and specialist assessment.
- **Provided free cataract operations** to eligible patients, helping restore their vision and improve their ability to perform daily activities independently.
- **Provided prescribed medicines** and post-operative care to patients following surgery.
- **Counselled patients and their families** on eye health, medication use, hygiene, and post-operative precautions.
- **Provided follow-up support to operated patients** to monitor their recovery and ensure appropriate post-operative care.
- **The intervention helped reduce the financial burden** on poor families and enabled beneficiaries to regain better vision, confidence, and independence.

RAMADAN FOOD PACKAGE DISTRIBUTION – 2024

- **During Ramadan 2024, emergency food assistance** was provided to vulnerable and low-income families to help them meet their essential nutritional needs during the holy month.
- **Distributed Ramadan food packages** containing essential household food items to deserving and vulnerable families.
- **Prioritized widows, elderly persons, persons with disabilities, and low-income households** during beneficiary selection.
- **Provided families with sufficient food supplies** to support their Sehri and Iftar needs throughout Ramadan.
- **Conducted transparent beneficiary** identification and distribution through community-level coordination and verification.
- **The assistance helped reduce the financial burden** on vulnerable families and enabled them to observe Ramadan with greater dignity and food security.
- **Community members expressed appreciation** for the timely support, which provided much-needed relief during the holy month

PLANTATION DRIVE – 2024

- **During 2024, a community plantation drive** was organized to promote environmental protection, increase green spaces, and raise awareness about the importance of trees and a healthy environment.
- **Organized a plantation campaign** with the participation of community members, volunteers, and local stakeholders.
- **Planted trees at selected community** spaces and public areas to increase greenery and improve the local environment.
- **Encouraged community members** to actively participate in tree plantation and environmental protection.
- **Raised awareness about the importance of trees** in reducing pollution, improving air quality, and supporting a healthier environment.
- **Promoted the long-term care and protection** of planted trees through community involvement.
- **The initiative contributed to creating a greener, cleaner, and more environmentally responsible** community.

SOLAR WATER WELLS & RO INSTALLATION

- Implemented solar-powered water supply and Reverse Osmosis (RO) projects to improve access to safe, clean and sustainable drinking water for vulnerable and underserved communities. The projects were designed to address water scarcity and poor water quality, particularly in areas where conventional water sources were insufficient or contaminated.
- **Key Activities:**
- Installation of solar-powered water wells in water-scarce communities.
- Installation of Reverse Osmosis (RO) filtration systems to provide safe and purified drinking water.
- Construction of water collection points and necessary supporting infrastructure.
- Installation of solar panels and pumping systems to ensure a reliable and sustainable water supply.
- Water quality testing before and after installation, where required.
- Community engagement and awareness on safe water use, hygiene and maintenance.
- Handover of completed water facilities to local communities for continued use and maintenance.

WINTER KITS DISTRIBUTION

- Distributed winter relief kits among vulnerable and low-income families to help them cope with the harsh winter season. The assistance targeted families who were unable to afford essential winter items, particularly elderly people, women, children, persons with disabilities, and other vulnerable households.
- **Key Activities:**
- Identification and verification of vulnerable families through community-level assessment.
- Distribution of essential winter kits to selected households.
- Each kit included basic winter necessities such as warm blankets, quilts, shawls, sweaters and other seasonal items, according to the approved project contents.
- Distribution was conducted in coordination with local communities to ensure transparent and organized assistance.
- Beneficiaries were briefed on the appropriate use and care of the winter items.

RAMADAN IFTAR DISTRIBUTION PROJECT

- During the blessed month of Ramadan, an Iftar Distribution Project was implemented to provide nutritious evening meals to vulnerable and low-income individuals and families. The initiative aimed to ensure that people facing financial hardship could benefit from a dignified and adequate Iftar meal.
- **Key Activities:**
- Identification of vulnerable individuals and families in need.
- Preparation and distribution of fresh Iftar meals.
- Distribution through organized community-based activities.
- Prioritization of low-income households, elderly people, women, children, and other vulnerable community members.
- Community engagement to ensure transparent and orderly distribution.

MARRIAGE SUPPORT PROJECT

- The Marriage Support Project provided financial and essential assistance to vulnerable families to help them arrange marriages for eligible women and girls from low-income households. The initiative aimed to reduce the financial burden on families and support beneficiaries in beginning their married life with greater dignity and stability.

Key Activities:

- Identification and verification of eligible beneficiaries from financially vulnerable families.
- Provision of marriage assistance to selected beneficiaries.
- Support with essential household and marriage-related items.
- Coordination with families to ensure transparent and appropriate distribution of assistance.
- Documentation and beneficiary feedback to maintain accountability.

Impact:

The project supported vulnerable families by reducing the financial pressure associated with marriage expenses. The assistance enabled beneficiaries to receive essential support for their new households and helped them begin their married life with greater dignity and security.

BUILD A HOME PROJECT – 10 HOMES FOR WIDOWS

- The Build a Home Project aims to provide safe, durable and dignified housing to 10 vulnerable widows and their families. The project will construct good-standard homes designed to provide essential living space, privacy, safety and long-term security for families who are unable to afford adequate housing.
- **Project Activities:**
- Identification and verification of 10 vulnerable widow-led households.
- Assessment of existing housing conditions and land ownership.
- Construction of 10 individual residential homes using quality construction materials.
- Proper foundation, brickwork, reinforced concrete structure and roofing.
- Installation of doors, windows, flooring and internal finishing.
- Construction of essential kitchen and bathroom facilities.
- Electrical wiring, lighting and basic water/sanitation facilities.
- Painting and final finishing of each home.
- Regular construction monitoring and quality checks.
- Handover of completed homes to the selected beneficiaries.
